Cake Tastings (“to go”) \$30

Cake tastings for couples offers the opportunity for couples to try a variety of cake flavors and fillings, discuss their ideas for decorations, look at photos of other wedding cakes, and discuss other options if desired. All of the cake tastings are now “to go,” meaning that you may pick up your samples and enjoy them at your leisure over the course of a few days rather than eating several pieces of cakes and/or pastries at once.

The first step for couples is to look at and consider what types of cakes and fillings that they would like to sample (see website for those flavors). Next, give us a call at and speak with Elle or Adam. We will learn about the flavors you would like, determine a date for pickup, and answer other questions that you might have.

Deposit \$100 (nonrefundable)—This reserves your spot on our calendar. Without this, other couples may reserve that date.

Delivery--The charge for delivery is dependent upon the location. Please call to ask the current charge or inquire during your cake tasting.
